However the truth that unites ebooks and print books is that they are composed of ideas. It's the ideas in these books which have the ability to alter, or possibly transform, individuals's lives.

What do you think an idea is price when evaluated towards the cost of

paper and ink?

In case your ideas will not be frequent information, or you're presenting a model new method, you will be able to promote books at a excessive price. Simply be prepared on your competition to undercut you on price as quickly as they hear about your book.

Needless to say the above pricing technique is temporary. Ultimately, you'll stop to sell books at this excessive price. So work out prematurely how long you plan to supply your ebook at this high worth, and when

that time is up, change your pricing strategy.

If you wish to see massive earnings over customer draw, purpose for an audience that is in search of easy options to their problems at a low price.
