An effective method for determining a worth is to send out a survey to your present customers. If these clients have already bought an ebook from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the new book, however do not embrace a worth on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to test out costs by making a number of duplicate sales pages with totally different prices on every page. Make certain your gross sales copy is strictly the identical on every web page, and consists of your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your website and gross sales of your book. This can tell you what your optimum price is.

Ultimately, if you happen to've written a e book that solves a downside or presents a brand new technique, your e book will bring in both traffic and profits. So you should definitely write that selling-handle sentence that sums up what downside your guide solves and what the advantages of your *Sitemap L* guide might be to the customers who purchase it.
