One is to give something away totally free with your guide, similar to a valuable bonus item. Or bundle several ebooks below one value, which lowers the price for every e book in the event that they had been sold separately.

An effective approach for determining a price is to send out a survey to your present customers. If these customers have already bought an e book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the brand new guide, but do not embody

a value on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out prices by making a number of duplicate sales pages with different costs on each page. Be sure that your sales copy is strictly the similar on every page, and contains your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum price is.
